

THE OHIO STATE UNIVERSITY

Columbus, Ohio

Multiple Tenure Track Positions (Rank Varied)

The Ohio State University Department of Civil, Environmental and Geodetic Engineering is excited to announce tenure track hires in the following three areas: Resilient Infrastructure (Assistant/Associate), Environmental Microbiology (Assistant/Associate), and Hydrology (Assistant/Associate).

Complete announcements and instructions for application can be found at our departmental website:

<https://ceg.osu.edu/about-us/faculty-position>.

In each case, the successful candidate is expected to develop a nationally-recognized, externally funded research program; publish in high quality journals; participate in collaborative teams and interdisciplinary research on sustainability and resilience topics; contribute effective instruction at the undergraduate and graduate levels in the host departments; supervise and mentor graduate students; and provide professional and university service. Partial funding is provided by Ohio State's Discovery Themes, a significant faculty hiring investment in key thematic areas in which the university can build on its culture of academic collaboration to make a global impact.

**Review of applications will begin on Nov. 20, 2017
and will continue until all positions have been filled.**

The Ohio State University is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, or protected veteran status.
